What are the risks of investing?

Risk indicator for the GoalsGetter Amova NZ Corporate Bond Fund

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at <https://sorted.org.nz/tools/investor-profiler/>.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five-year period to September 2025. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates. See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

Annual Return Graph¹

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 30 September 2025.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the GoalsGetter Amova NZ Corporate Bond Fund are charged fund charges. In the year to 31 March 2025, these were (inclusive of GST where applicable):

	% of net asset value
Total fund charges	0.70%
Which are made up of:	
Total management and administration charges	0.70%
Including:	
Manager's basic fee	0.70%
Other management and administration charges	0.00%
Total performance-based fees	0.00%
Other charges	\$ amount per investor
Annual membership fee	\$30 per annum

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the GoalsGetter KiwiSaver Scheme Amova - Other Funds PDS for more information about those fees.

Example of how this applies to an investor

Small differences in fees and charges can have a big impact on your investment over the long term.

Sam had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Sam received a return after fund charges were deducted of \$609 (that is 6.09% of his initial \$10,000.00). Sam also paid \$30 in other charges. This gives Sam a total return after tax of \$405 for year.²
